I really might use a PM next time, but there's one more objection I've got to utter publicly: the correct form of adress is "Sie", not "du", although I know that many people here handle that just the other way round.

I claim guilty as charged..

I will most cur. bear in mind to use the app. "Sie" form and omit the "Du" form ,pleace quick my butt if I forget to do so.

Emp. King's etc should indeed be adresssed as "Sie" offer my pardon for my errant 😊
